Dear Mr Abrahams

SUSPENSION FROM DUTY

The meeting held in my office this morning at which you were represented by your trade union refers.

Due to the extremely serious nature of the allegations against you, which are both criminal and actionable from an internal disciplinary point of view I have decided to suspend you with immediate effect as from 3 September 2012. The suspension is effected in terms of the disciplinary code and is subject to the relevant provisions thereof relating to suspensions.

You are to hand in your appointment certificate, office keys and all other council items in your possession to the person serving this on you. You cannot enter any council premises except for the purposes of your defence and after permission from your line manager only.

Please note that the suspension is on a without prejudice basis and no assumption has been made as to your guilt or innocence. As advised, please contact your trade union to assist you in this matter.

Yours faithfully
